## Fred B. Niddrie Elected To Legislature at By-Election

Fred J. Niddrie, farmer of Mound, retained the Olds seat in the Alberta Legislature for the Social Credit Government.

In the by-election, made necessary by the death last summer of Norman Cook, he defeated Liberal candidate Martin Winther of Huxley, by a decisive margin.

Final figures released by returning officer O.A. McArthur showed Niddrie's total at 2,110 to Winther's 1,444.

The Liberal won in Radford, Olds East, Nisbet, Lone Pine, Hogadone, Acadia, Trochu, Huxley and at the advance poll. Majority of these points are in the eastern portion of the constituency.

Mr. McArthur said there were "about" 165 spoiled ballots, but the exact figure will not be known until all ballots are checked.

Following are final figures for each polling subdivision:

Fred J. Niddrie	Martin Winther
1 Bearberry	32
2 McDougall	27
3 Sundre	94
4 Lobley	15
5 Rockwood	61

## Sundre Partners Have Large Crop of Grain On The Blood Reserve

The M. & M. Farming Co., in which Morgan Brothers and Mjolsness Brothers of Sundre are partners have brought in a large quantity of grain to the Alberta pool elevator at Macleod, according to the Macleod Gazette. The partners leased 3,720 acres from the Blood Reserve Indians, and the latter get one-fifth of the crop for the first two years, and an increased amount later. The lease runs for ten years.

There were seeded to wheat this year 3,520 acres, and 250 of flax. The machinery used included two 14-foot press drills, working 10-hour shifts, about 12 men being steadily employed. That left four hours out of the 24 each day for repairs and overhauling machinery.

It is estimated the final tally will show 25 bushels to the acre.

One half section was damaged by hail. For harvesting, three self-propelled combines were used, working as long as daylight permitted.

For hauling to the elevator, an \$8,000 truck with a capacity of approximately 415 bushels, making four trips a day, was used.

## 13 Members Attend Zella W.I. Meeting

In spite of a cold chilly day, and a slippery hill, 13 members and three visitors attended the Zella W.I. meeting, held at the home of Mrs. Tony Spooner Thursday, November 16. Roll call was "A Current Event," followed by the minutes.

Final plans were made for the program and auction sale of handicrafts and home baking, to be held on November 24th.

As a handicraft topic, Mrs. A. Walldorf demonstrated a few pointers in sewing, attaching bias tape, hemming and button holes.

Mrs. W. Spooner read a poem entitled "Husbands," as the bit of fun, and the door prize was won by Mrs. E. Walldorf.

The annual meeting takes place at the home of Mrs. Arthur Walldorf on December 14. Please note the date. Members are asked to meet at 12:30 when a dinner will be served to the winning team by the losers, and there will be an exchange of Christmas gifts.

Another bright afternoon was brought to a close with the singing of God Save the King, and a most delicious lunch served by the hostess.

Remember, folks! The program and auction sale at the school on Friday evening, November 24. There will be pie and ice cream to tickle the palates of all and a fish pond for the youngsters. The quilt made by the W.I. group will be raffled.

## November Birthdays Celebrated By The Alvin Traub Family

Five birthdays occurring during November in the family of Rev. and Mrs. Alvin Traub of Didsbury were celebrated in their lovely home on Saturday evening, November 18.

A delicious chicken dinner was served to Mr. and Mrs. Ernest Traub and family, Rev. and Mrs. Harley Traub and family, Rev. and Mrs. Alvin Traub and Velma, and a friend of the family, Mrs. Pearl Lemont, whose birthday also comes in November.

November 18 marked the 67th birthday of Mr. A. Traub. The other members of the family having November birthdays are Mrs. Ernest Traub, Mrs. Harley Traub, and Phyllis and Joyce, daughters of Mr. and Mrs. Harley Traub.

Mrs. A. Traub and Miss Velma Traub presented each honored guest with a lovely and useful gift.

Members of the family who were not able to be present were Rev. and Mrs. Ozo Traub, missionaries to Nigeria, Africa; Mrs. William Tyson of Portland, Oregon.

Rev. and Mrs. A. Traub are among the pioneer settlers of the Didsbury district. Mr. Traub served as a pastor in the United Missionary Church for a number of years. Later he was elected district superintendent in which capacity he served 13 years. He was also principal of Mountain View Bible College from 1926 to 1944. He retired from that office and is now filling his place of usefulness as Sunday school teacher in the church and various other activities.

## Funeral Services Held Tuesday For L. Siebert

The death of Levi Siebert, 78, an old timer of the district, occurred at his home in Calgary on Saturday, November 18.

Formerly a resident of the Carstairs district, where he farmed until retiring to Calgary in 1946, Mr. Siebert was born in Shakespeare, Ontario. He was a member of the Independent Order of Foresters in Calgary.

Surviving are his wife, Elizabeth; a daughter, Mrs. Gus Hansen of Carstairs; one grandchild; a sister, Mrs. Rosina Rieder, Didsbury; and five brothers, Henry of Carstairs, Kansas; William of Marion, Kansas; Aaron of Rosthern, Sask.; Milton of Edmonton, and Edwin of Carstairs. A son, Ivan Leslie, predeceased him in 1910.

Funeral services were conducted from Jacques Funeral Home in Calgary at 11 a.m. on Tuesday, with Rev. John Rugby officiating. Further services were conducted by Rev. A. J. Grams at 2:30 p.m. in the Evangelical Church, Didsbury, and burial followed in the Didsbury cemetery.

## NEW PUMP ARRIVES I

It should not be too long before Didsbury's water and sewer system is now in operation. The electric pump, which has held up the operation of the system for several months, arrived in Didsbury Monday night, and if weather conditions permit it will be installed immediately.

## LONE PINE ORIOLES TO RAFFLE A BRIDE DOLL

At the November meeting of the Lone Pine Orioles ways were discussed to raise funds and it was decided to have a raffle on a bride doll and a dance in December.

The meeting was held at the home of the vice-president, Jessie McCulloch, and a demonstration of making Christmas lanterns out of Christmas cards was given by Ann Shells.

Roll call was answered by "your favorite bird", and the ten-cent draw was won by Joy Elliott.

The next meeting will be at the home of Beverly Thompson. At the close of the meeting the hostess served a delicious lunch.

## Mrs. Eckel Entertains Lone Pine Institute

The Lone Pine W.I. met at the home of Mrs. Eckel for the November meeting with 13 members and two visitors present. Roll call was answered by the date of birthdays with a member giving the flower for that month.

The secretary reported that \$33.65 had been sent to the Cancer Society from proceeds of films and the box social held jointly with the Baneroff W.I.

The draw netted \$1.60, being won by Mrs. Jenkins, and an auction of household goods was held, amounting to \$7.65, the ladies being in a good bidding mood.

The next meeting will be held at the home of Mrs. Metcalf with Mrs. Dowell as hostess, on Wednesday, December 6th. This is the annual meeting and a good turn-out of members is requested.

## ALL CARNIVAL PRIZES HAVE BEEN CLAIMED

The prizes given away in the recent shopping carnival at Didsbury have now all been claimed. The second and third prizes being awarded on the second drawing of tickets, following cancellation of all numbers on the original draw when these prizes were not claimed by Saturday, November 18.

Prize winners were: 1st, chest of silverware, Mr. Earl Braun; 2nd, cedar chest, Mrs. Clarence Reinhardt; 3rd, electric blanket, Mrs. L. Sayer; 4th, automatic electric toaster, Shirley Rieder; 5th, two books, carnival tickets, Mrs. John Schneidmiller.

## MELVIN NEWS

On Monday evening friends in the district gathered at the home of Mrs. A. E. Krebs to bid farewell to the Wollen family who are leaving Thursday for Fort St. John.

Gales and stunts kept everyone in gales of laughter and then parades were composed of old tunes and sung to the guests of honor. Their clever verses were then copied and presented to Mrs. Wollen.

At the close of the entertainment Mrs. A. E. Krebs, on behalf of the assembled group, presented the Wollens with a lovely kitchen clock, wishing them success in their new venture. To Mr. and Mrs. Vernon Wollen she presented a silver butter dish as a wedding gift from the Melvin Club.

Mrs. W. Chandler then presented Mrs. Wollen with a lovely brooch as a token of remembrance from the Melvin W.I. and after the guests of honor expressed their heartfelt thanks, all gathered in the old favorite "For They are Jolly Good Fellows." A bountiful lunch topped off the evening.

Mr. and Mrs. E. Oihlhausen (nee Thelma Vetter) spent Sunday at the Johnston home.

With regret we learn that Mrs. J. Smallwood has spent the past two weeks in the Calgary General Hospital and we wish to extend to her our sincere wishes for a speedy recovery.

Miss Marie Kershaw and Mr. A. Davies spent the weekend at the (Continued on back page)

## Frank Gathercole Is Y.P.U. President

The Knox United Church Y.P.U. executive was elected on Sunday, October 22, as follows:

President, Frank Gathercole. Vice-President, Norma Parsons. Conveners:

Citizenship, Ken Morris. Fellowship, Ken Gillette. Missions, Will Miller. Culture, Claire Fisher. Social, Gordon Wordie and Winnie Miller.

The group decided to meet twice each month on the second and fourth Sundays, and one social a month will be held on a week night. The next meeting will be held Sunday, November 26, at the church manse, and an invitation has been accepted from the Olds group for Monday, November 27. Everyone is welcome to attend both of these gatherings.

Mr. and Mrs. P. Luft were supper guests. Mr. and Mrs. Gordon Betts on Sunday.

Don't forget the turkey and ham shoot at the Elkton P.O. on Wednesday, November 29, the proceeds to help procure lights for the Elkton rink.

## To Vote December 15 On Water and Sewer By-Laws

The proprietary electors of Didsbury will vote on two by-laws on Friday, December 15, and the result of the vote will decide the issue to expend an additional \$39,500 to complete and extend the water and sewer systems of the Town.

The first by-law, No. 632, is to provide \$22,000 to complete the water system, including the extension to the Bible College, and to provide for an additional 110 connections. The second by-law, No. 633, is to provide \$17,500 to complete the sewer system.

Actually the by-laws must pass, as much of the work already has been done on the system, approval being given Council to proceed with the work when a notice of intention was published early in October, with no opposition being registered. However, the taxpayers should be glad to give their approval to the by-laws, since the original estimates were to provide for only 60 users, and with the expenditure of only \$39,500 more the water and sewer systems are being expanded to accommodate 170 users immediately the system is in operation. This means that the actual payments on the self-liquidating system will be spread among 170 property owners instead of the original sixty. Since water and sewer charges were based on 60 connections, it should not be so very long before these rates can be lowered in the cost of the system undertaking, although for the present time no rate change is anticipated.

## Five Women Reside In West Over 40 Years

A very pleasant afternoon was spent at the home of Mrs. Alex Blain, when the guests of honor were five of the not-so-youngs, Mrs. A. McInnes, Mrs. W. Blain Sr., Mrs. J. Hosgood, Mrs. A. Cowitz and Mrs. E. Cowitz.

The guests of honor were seated at a table at which the guests of honor were seated was centred by a birthday cake made by Mrs. Orval Blain, and each received a small gift, a yellow rose and an individual birthday cake with one candle in the centre. Each honored guest was asked to tell a little bit about herself. Mrs. McInnes was born in Ontario and came west of Didsbury 38 years ago; she has three children, four grandchildren, and one great grandchild. Mrs. J. Hosgood was born in England, came west of Didsbury 47 years ago, has five children, 17 grandchildren and 17 great grandchildren. Mrs. Blain was born in Ontario, came west of Didsbury 43 years ago, has nine children, and one passed on a few years ago, 16 grandchildren and nine great grandchildren. Mrs. A. Cowitz was born in England, came west of Didsbury 44 years, has five children and 21 grandchildren. The happy afternoon was brought to a close by singing "Happy Birthday" and a word of thanks from each of the guests of honor.

Members of the English Church at Rugby met at the home of Mrs. Wilfred Blain on Thursday last with 12 members present and the president, Mrs. McMullin, in the chair. The secretary, Mrs. A. Vipond, reported on the amount of money made at a recent tea. Mrs. B. Sayer read the portion of the Scripture, and Mrs. K. Bernard read part of the missionary book on the Chinese, Jews and Japanese. It was decided to dispense with the December meeting and instead to hold a Christmas party at the home of Mrs. D. Hosgood, the date to be set later. Over the tea cups a very interesting account of life in Holland was given by a guest of Mrs. McMullin, who arrived from that country during the summer.

Mr. and Mrs. L. Krebs and Mrs. O. Krebs were Calgary visitors last Thursday.

Mr. and Mrs. L. Papke spent Monday evening with Mr. and Mrs. Arnold Hogg.

Mr. and Mrs. P. Luft were supper guests. Mr. and Mrs. Gordon Betts on Sunday.

Don't forget the turkey and ham shoot at the Elkton P.O. on Wednesday, November 29, the proceeds to help procure lights for the Elkton rink.

## A HOME FOR THE AGED

Several articles have appeared lately in the Didsbury Pioneer dealing with the struggle and hardships of the first settlers of this district, the pioneers. These articles showed us how, after almost inhuman efforts, and after disappointment upon disappointment, these early pioneers finally progressed far enough to enable them and the succeeding generations to carry on less strenuously and more comfortably.

Many of these pioneers passed on to the great beyond, perhaps much sooner than they would have had their lives been less strenuous; many of them lived to a ripe old age in spite of the hardships and privations they had to endure. And there are a number of families, not necessarily pioneers but "early settlers," who have done their share in the building up of this district, have reached the "olden" stage and are physically "ready" to enjoy the fruits of their efforts in peace and comfort.

Would it not be a noble gesture on the part of the present generation, who have benefitted so immensely by the earlier efforts of these people, to provide a place for

## Regular Meeting of Mountain View W.I.

The November meeting of the Mountain View W.I. was held at the home of Mrs. Reg. Hampson on Thursday last with nine members and four visitors present. The business session was followed by a talk on Stuffed Toys by Mrs. James Worral.

Mrs. W. E. Stiles gave a very interesting book review on "The Robe," which was enjoyed by those present.

Plans were made to have films, a speaker and lunch at Mountain View Hall on November 24th at 8 o'clock. There is no admission charge and everyone is welcome. Ladies are asked to please bring lunch. This meeting is in connection with the Cancer Society. Mrs. Hershel Fry won the ten-cent draw and Mrs. Alfred Morash won the contest of "throwing rubber rings on nails."

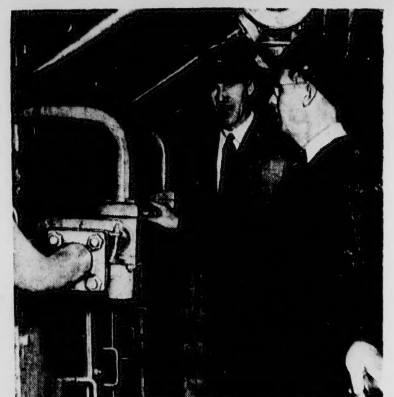

The annual meeting will be held at the home of Mrs. Ed Blain on Saturday, December 2nd.

To conclude the afternoon, the hostess served a lovely lunch.

THE NORWEGIAN FREIGHTER Lydvard recently made her first voyage to Montreal since an escape from the Vichy French-controlled port of Dakar in North Africa in 1940. In the photo above, Capt. O. J. Brune and her present chief engineer, Redlar Lea, point to the missing engine pieces removed by the Vichy Police to render any escape impossible. The chief engineer, at that time, B. J. Mordal, renegade the missing engine pieces from the time allowed by the authorities to turn the engines. Mordal switched the remade parts with the originals and the police took ashore the boat made parts not knowing the difference. A few days later the ship stole out of the harbor under cover of darkness. An effort of the Vichy French to catch her with submarines and secret craft was fruitless.

### CHRISTIAN SCIENCE

"Ancient and Modern Necrom-  
ancy, alias Mesmerism and Hypno-  
tism, Denounced." This is the sub-  
ject of the Lesson-Sermon in the  
Christian Science churches Sunday.  
The following are typical of the pas-  
sages which make up the sermon:  
"Behold, I have received command-  
ment to bless; and he hath blessed;  
and I cannot reverse it." (Numbers  
23: 20). "Neither animal magnetism  
nor hypnotism enters into the prac-  
tice of Christian Science, in which  
truth cannot be reversed, but the  
reverse of error is true." (Science  
and Health with Key to the Scrip-  
tures, by Mary Baker Eddy, p. 442).

### A HOME FOR THE AGED (Continued From Page 1)

no place to lay our head comfort-  
ably.

Why are our worthy aged ones  
neglected like that? Why are they  
made to feel they are not wanted?  
Why are they made to think they  
are just in our way and are only  
permitted to stick around because  
there is no other place for them?  
Why are they brought to a mental  
state that they wish they were dead,  
as several have confided to me, so  
they would be out of everybody's  
way?

One of the reasons that I know of  
is the mistaken idea many people  
have, that sending an aged person  
to an old peoples' home is equi-  
valent to sending him "over the  
hill to the poorhouse," and personal  
pride rebels at the idea. It should  
be borne in mind always, that  
money is not everything, and that  
there are a number of things in  
life that money cannot buy, and  
a more comfortable old age is one  
of them, at least for the ordinary  
citizen.

So let us look at the situation  
intelligently, with an open and un-  
biased mind, and not consider the  
sending of one of our near relatives  
to a home for the aged, a stigma  
on our "good name" anymore, other  
than sending him or her to the  
Didsbury hospital when he or she  
is physically ill.

It should be considered a black  
mark against our social order, if  
grandmother or grandfather is de-  
legated to one little room in the  
home of a relative or friend with  
nobody to talk to and nothing to  
do, and where she or he soon de-  
velop the idea that they are in the  
way and are only allowed to stay  
because there is no other place for  
them; or that grandmother has to  
rent a little room and do her own  
cooking, her own scrubbing and her  
own entertaining; or when grand-  
mother or grandfather has to live  
alone in a house or shack, and is  
found unconscious or dead in the  
yard by neighbors.

It should create in all of us, both  
as a community and individually,  
a sense of satisfaction, a sense of  
a deed well done, if we had a place  
where our worthy aged ones could  
be looked after properly, without  
physical effort on their part and  
without mental exertion or worry;  
a place where they don't have to  
be alone, but can associate with  
people of their own age; where  
they can talk and argue and fight  
to their heart's content.

### DYCK-STEWART

A wedding of interest to Didsbury  
 friends was solemnized at First  
 Church of the Nazarene, Calgary,  
 on November 9, when Miss Laura  
 Stewart of Calgary became the  
 bride of Mr. Don Dyck, formerly  
 of Didsbury.

The bride was given in marriage  
 by her uncle, and entered the  
 church to the wedding music play-  
 ed by Rev. George Hansford of Cal-  
 gary. The bride wore a white tulle  
 satin with matching Juliet hat and  
 finger-tip veil, and her bouquet was  
 of pink roses.

Miss Ivy Fox of Calgary acted as  
 bridesmaid, and Mr. Evert Harder  
 of Crossfield attended the groom.  
 Rev. Ponder Gilliland performed the  
 ceremony, and upon their return to  
 the bride's home, the bride and  
 groom responded. A buffet luncheon  
 was served, after which relatives  
 and friends extended to Don and  
 Laura many good wishes and God's  
 blessing.

The happy couple left for Port-  
 land and points south for a honey-  
 moon, and upon their return will  
 reside in Calgary where Don is  
 employed by Greyhound Lines.

# WATER AND SEWER BY-LAWS

BY-LAW No. 632

A BY-LAW TO AUTHORIZE THE MUNICIPAL COUNCIL OF THE TOWN OF DIDSBURY TO INCUR AN INDEBTEDNESS ON BEHALF OF THE SAID TOWN FOR THE PURPOSE OF COMPLETING THE WATER SUPPLY AND DISTRIBUTION SYSTEM AND EXTENDING SAME.

WHEREAS it is necessary to complete the water supply and distribution system now under construction within the Town of Didsbury;

AND WHEREAS the Council deems it advisable to proceed with the extension of the water system and to issue debentures to the amount of \$22,000.00;

AND WHEREAS it is estimated by Messrs. Haddin, Davis & Brown, Professional Engineers, that the cost of completing the present system will be \$17,000.00;

AND WHEREAS in order to construct and complete the said extension and to complete the existing system, it will be necessary to borrow the said total amount of \$22,000.00 on the credit of the Town by the issuing of debentures of the said Town as herein provided;

AND WHEREAS the Municipal Council of the said Town has agreed to apply for a loan of the said amount under the provisions of the Self-Liquidating Projects Act, of the Province of Alberta;

AND WHEREAS the Municipal Council of the said Town wish to repay the said loan over a period of Twenty (20) years in forty (40) equal semi-annual instalments of \$670.12 each, being the payments necessary to repay said loan and interest at the rate of two per cent (2%) per annum on the amortization plan, the first of such payments to be due six months after the date of the advance under the said Act;

AND WHEREAS the whole rateable property of the said Town is, according to the last revised assessment roll, the sum of \$1,092,710.00;

AND WHEREAS the existing debenture debt of the said Town exclusive of debentures issued for local improvements is \$110,000.00;

AND WHEREAS the estimated life of the said utility is twenty-five (25) years;

AND WHEREAS the construction of the said water supply and distribution system has been provisionally approved by the Provincial Board of Health under Certificate No. 700-50;

AND WHEREAS it is estimated that from the proposed extension an annual amount of \$544.00 will be collected for water service charges and an annual amount of \$134.40 by way of special frontage assessments to meet the annual debenture payments and the estimated cost of operation and maintenance of \$329.55 annually, and that any sum required to make up a deficit shall be provided by the rateable property of the Town;

AND WHEREAS it is expedient that the sum of \$22,000.00 be the said estimated total cost of the said extension along King Edward Street be paid by way of special frontage assessment for local improvements on all property fronting or abutting on or benefitting by the said extension as provided by Part VIII of the Town and Village Act as amended, all of which said sum of \$22,000.00 shall be the owner portion of the cost;

AND WHEREAS the total value of the land charged with the said special frontage assessment, according to the last revised assessment roll is \$2,075.00;

AND WHEREAS notice of the Council's intention to undertake the said extension was published in the Didsbury Pioneer, a newspaper published and circulated within the Town of Didsbury, in the issues of September 27th and October 4th and no petition against the same has been presented;

NOW THEREFORE the Municipal Council of the Town of Didsbury in council assembled, enacts as follows:

1. That the Municipal Council of the Town of Didsbury is hereby empowered and authorized to enter into such contracts and engagements for the completion of the present system and the construction of the extension as may be necessary.

2. That for the purpose aforesaid the sum of \$22,000.00 be borrowed by way of debentures on the credit and security of the Town of Didsbury at large, but as to so much of it as is not paid by the Town at large, namely \$2,000.00, the Town is to collect the same by way of

special assessment as herein provided.

3. The debentures to be issued under this by-law shall be for the sum of \$22,000.00 payable as hereinafter mentioned.

4. For the purposes aforesaid the sum of \$22,000.00 shall be borrowed by way of debentures or such other securities as may be required under the Self-Liquidating Projects Act, and all such debentures or other securities shall be on the credit and security of the Town of Didsbury at large.

5. For the purposes aforesaid a debenture or debentures of the Town of Didsbury shall be issued to the principal amount of Twenty-Two Thousand (\$22,000.00) Dollars. The said debentures shall be dated upon the date as may be appropriate having regard to the date of the borrowing of the money, shall bear interest at the rate of Two per cent (2%) per annum, payable semi-annually and shall be payable to the Provincial Treasurer of Alberta in lawful money of Canada at the Town of Didsbury in Forty (40) equal consecutive semi-annual amortized instalments of combined principal and interest of \$670.12 each.

6. The Mayor and Secretary-Treasurer of the Town are hereby empowered and authorized to sign and affix the Corporate Seal of the Town to any debentures or other securities issued under the provisions hereof, and also any agreement required under the said Act.

7. Should the increased revenue resulting from the construction of such works be insufficient in any year to pay the amounts due to the Provincial Treasurer of the Province of Alberta, there shall be levied upon the rateable property of the Town a rate sufficient to pay such deficiency by a rate sufficient therefore on all rateable property in the said Town and collected at the same time and in the same manner as other rates.

8. Should Debentures or other securities be issued with coupons attached such coupons shall be signed by the Mayor and Secretary-Treasurer of the Town but such signatures may be engraved or lithographed.

9. During the currency of the said debentures there shall be raised annually for the payment of the owner's portion of the cost and interest thereon by special assessment under Part VIII of the said Act, the respective sums as shown as yearly payments on Schedule "C" hereto attached.

10. The said debentures are hereby imposed on all lands fronting or abutting on that portion of the streets or places whereon the said water works system is to be laid or benefitting therefrom, a special assessment sufficient to cover the owner's portion of the cost of the said work and the interest thereon, and the said special assessment shall be in addition to all other rates and taxes including any frontage tax levied under the provisions of the said Act.

11. The said indebtedness is contracted on the credit and security of the Town of Didsbury at large but as to so much thereof as is not to be paid by the Town at large the Town is to collect the same only by way of special assessment as aforesaid.

12. This By-law shall take effect on the date of the final reading thereof.

READ a first time and passed provisionally in Council this 6th day of November A.D. 1950.

BY-LAW No. 633

A BY-LAW TO AUTHORIZE THE MUNICIPAL COUNCIL OF THE TOWN OF DIDSBURY TO INCUR AN INDEBTEDNESS ON BEHALF OF THE SAID TOWN FOR THE PURPOSE OF COMPLETING THE SEWERAGE SYSTEM.

WHEREAS it is expedient for the Town of Didsbury to borrow a further \$17,500.00 for the purpose of completing its sewerage system by the issuing of debentures or other securities of the Town as hereinafter provided;

AND WHEREAS the Municipal Council of the Town has agreed to apply for a loan of the said amount under the provisions of the Self-Liquidating Projects Act of the Province of Alberta;

AND WHEREAS the Municipal Council of the said Town wishes to repay said loan over a period of Twenty (20) years in Forty (40)

## TO TRY OUT HUMANE TRAP

The Lands Department has ordered 200 Sawyer traps for a tryout this winter by Ontario trappers.

The Sawyer trap, invented in England, is considered more humane than the ordinary steel trap, since it kills as it catches. It has two arms which spring up and grip the animal about the neck or forward part of the body, killing it outright.

The trap was originally designed for rabbits, but it will be tried for other animals, including mink and marten, which sometimes have escaped from steel traps after leaving a foot behind in the trap's jaws.

## DEER GETS ON FACE ONE, LITERALLY

The weekly newspaper Kentville Advertiser couldn't get scooped on this story.

The press was stopped and the deer made page one. But the visit or left at once by another composing room window and was last seen heading for nearby woods.

## Foundation Saunders Wheat Now Available

Foundation Stock of Saunders wheat will be available to growers for the spring of 1951. This will be the most welcome news for those who have been watching the development of the variety and are interested in the production of something better than the Certified seed first distributed.

Foundation lines developed at the Central Experimental Farm, Ottawa, have been carefully checked over a two-year period at Ottawa and at the Dominion Experimental Station, Beaverlodge, Alberta, for reaction under different environmental conditions. The desirable lines were increased at Beaverlodge this year to give 11 bushels of Foundation Stock seed.

It is intended that this seed be distributed only to growers in the areas where the variety is recommended for production. This includes Zones 3 and 4 of Alberta and the Peace River Block of British Columbia.

As the quantity of seed available for distribution by the Provincial Committee is limited preference will be given to those who are already established elite growers of a cereal crop, also those who are registered growers of long standing who wish to become established as elite growers. This policy has not been adopted to eliminate more recent growers who may be interested, but to assure that this first small quantity of seed will be multiplied into first generation registered stock as rapidly as possible.

Also, off-types continue to persist in new varieties for a number of years, and while this Foundation Stock has shown relatively high purity, there is always a possibility of a few heads appearing. Those with long experience in seed production are in the best position to appreciate this and to cope with this situation.

Those in the above mentioned areas who are interested in becoming elite growers of Saunders wheat are asked to contact the Alberta Foundation Stock Seed Distribution Committee, Field Crops Branch, Department of Agriculture, Edmonton, Alberta, not later than December 31, 1950.

## Be Proud Of Your Business

Modern advertising is a necessity to hold and build business. Be proud of your business, of the goods you have to sell, of the services you have to offer in your particular line. Show the progressive spirit and the desire to serve by advertising. Do not hide your light under a bushel—proclaim far and wide who you are and what you have to sell and where your place of business is, for public memory is short, and advertising is a powerful aid to all types of businesses. Moreover, people as a general rule shop where they are invited.

### THERE OUGHT TO BE A LAW

A sports writer in a city daily recently began his column: "Fishermen and tourists agree that legislation is long overdue which will direct boat liveries and resorts to keep their boats clean and seaworthy under penalty of a fine."

Oh brother! Grow up!

This is not a socialist state in which the government runs or regulates everything. Nor do we want it to be.

If there are to be laws telling people to keep their boats clean, there will be laws telling taxicab operators to sweep out the back of their cabs, telling home owners that they must cut their lawns once a week and plant certain types of flowers.

Certainly marine or road taxis should be kept clean but the obvious answer to the operator of a dingy carriage is not to hire it. This is a free country and one of the privileges of this freedom is to do a job badly if you so wish.

A minimum of legislation and a maximum of education should be the objective of any democracy. And generally speaking, you cannot legislate people into doing something which they do not want to do in the first place.

Just as soon as our legislators learn that elementary lesson of human nature, just so soon will our governments offer true representation of the views of the majority of the electors.

You cannot go to Heaven on a law.

Civil servants should be paid as well as employees of industrial and commercial firms. And they should work just as hard and just as long.

### WHEAT AS FEED FOR LIVESTOCK

(Department of Agriculture)

In periods when a wheat surplus exists or when the crop has been damaged by frost, rust or unfavorable weather at harvest time, the importance of giving wheat a place in farm rations merits consideration.

Wheat is fully as palatable as the coarse grains more commonly used for feed.

When mixing wheat with other grains, it should be done by weight rather than by measure.

Wheat should never be ground finely for feeding. Medium to coarse grinding or rolling is preferable as finely ground wheat may become pasty when moistened and result in digestive disorders.

#### Pigs

Wheat like all other grains has individual characteristics and limitations in pig feeding, which require that it be used with judgment. Though in some cases a high proportion of this grain has been used in feed mixtures with apparent satisfaction, there is some experimental evidence which suggests that under certain conditions hogs so fed may be penalized in carcass grade for overfinish even when marketed at 200 pounds live weight. However, when a mixture of grains is used there should be no danger of carcass penalty traceable to wheat when it constitutes not over 60 per cent of the feed mixture.

#### Beef Cattle

For fattening market cattle, it is safer to feed wheat mixed with grains of bulky nature. Oats are particularly suitable for this purpose. It is advisable to include a high percentage of oats at the beginning of the feeding period and gradually increase the proportion and amount of wheat or other heavy grains as the period advances. Wheat should be rolled or coarsely ground for cattle.

#### Dairy Cattle

Cows in milk require a generous ration which is rich in digestible nutrients, and particularly rich in

### SHOE PRICES WILL PINCH

If you are in the market for a pair of shoes you'd better move quickly, advises the Financial Post. Prices are on the up-grade. Men's shoes that sold at the popular \$13.50 level two months ago will likely have moved up around the \$13.50 level by Christmas time. Korea and other factors upset leather supply and demand.

### Alberta Farmers Pay Most Income Tax

Alberta farmers pay more income tax than do the farmers of any other Canadian province. This is revealed in the government publication recently issued, Quebec farmers pay lower taxes than that of any other Canadian province. The following table gives interesting figures for the calendar year 1948:

Farmers Taxpayer	Taxes
Manitoba	9,120 \$1,654,000
Saskatchewan	20,950 5,875,000
Alberta	20,200 6,539,000
Quebec	560 84,000
Ontario	12,410 2,961,000

According to the government's report, 60,040 farmers in Canada paid income taxes in 1948. Average income reported was \$2,887 or a total of \$193,500,000. Total income tax paid by farmers in 1948 was \$18,100,000, an average of \$270 per capita.

proteins and minerals. When legume hays form all or part of the roughage fed to dairy cows of average producing ability, the need for costly, high protein feeds is reduced and the cereal grains, including wheat, can be used more widely. Wheat may replace the coarse grains and bran in the rations of a milking cow to the extent of one-third of the total grain ration.

#### Sheep

Wheat has been fed extensively to fattening lambs and wintering ewes. It is frequently fed in the unground state, although the hard milling grades should be coarsely ground or cracked for general sheep feeding. A mixture by weight of one part wheat and two parts oats would be suitable for ewes and for lambs during the early part of the fattening period. As the lamb feeding period advances, the proportion of wheat may be increased until three parts of wheat and one part of oats are being fed.

#### Horses

The best single grain for horses is unquestionably oats, although wheat may be used in the ration, especially for work horses. Wheat should be rolled or coarsely ground for horses and may be used with the greatest safety when fed with a bulky feed like oats.

While experimental work now being carried on to establish the relative feeding value of wheat that was frosted at varying stages of growth is incomplete, present indications are that weight per bushel is the best yardstick.

Further information on feed and feeding practices is available from Provincial Department of Agriculture, Agricultural Colleges, Dominion Experimental Farms, and livestock offices of the Dominion Dept. of Agriculture.

### A Pension Plan FOR YOU

Industry and business provide pensions for their employees.

In the usual plan the employee contributes 5% of his earnings into a fund, the employer an equal amount. Interest on the joint contributions builds up a sizable fund by the time the employee reaches age 60 or 65.

Any self-employed business man, farmer or professional man can set up a similar pension plan for himself by setting aside a portion of his earnings into an annuity with the Monarch Life.

If he is insurable, he can add life insurance to his annuity at extremely low rates.

TO ENLIST YOU MUST —

1. Be a Canadian citizen or British subject.
2. Be between 17 and 29 years of age.
3. Be single.
4. Meet Army test requirements.
5. Volunteer for service anywhere.

REPORT RIGHT AWAY TO:

No. 10 Personnel Depot, Currie Barracks, CALGARY, ALTA.

Headquarters, Western Command, Kingsway Ave. EDMONTON, ALTA.

To bring this anti-aircraft gun into action calls for a full crew — skilled men trained to fight as a fast-thinking, fast-acting team. To train such a crew takes time: gun crews must know how to handle modern scientific equipment — electronics, radar, radio, telephone; men must work together with the closely timed co-ordination of a championship football team.

The Canadian Army Active Force needs men today... keen young men who can begin training immediately as anti-aircraft gunners. You can take your place at the side of the men who defend Canada by reporting for training without delay. Act now — and help make Canada strong.

## WEDDINGS

### MORASCH-KONSCUH

Of interest to the Didsbury district was a recent September wedding which took place in Jehovah Lutheran Church, Calgary, where Miss Hazel, second daughter of Mr. and Mrs. Adam Konschuh of Didsbury, was united in marriage to Mr. Edward Frederick Morasch, son of Mr. and Mrs. P. C. Morasch of Calgary, Rev. P. Untershitiz performed the six o'clock ceremony.

The bride, who was given in marriage by her father, wore a gown of white nylon net fashioned with a bustle back, which featured a low sweetheart neckline drawn with pearl clips, short sleeves and long gloves. Her floor-length veil was held in place by a coronet of seed pearls. Her only jewellery was a three-strand pearl necklace with matching earrings, and she carried a bouquet of red roses.

Preceding the bride down the aisle were a quintette of attendants, Miss Doreen Konschuh, sister of the bride, as maid of honor, Miss Lorraine Konschuh, cousin of the bride, and Miss Betty Leinweber, as bridesmaids. They wore gowns of nylon in mauve, green and gold respectively, and each wore a halo of matching flowers in their hair and carried colonial bouquets similar to those of the bridesmaids.

The groom was attended by his brother Norman, and guests were ushered to their places by Mr. Reginald Nuss and Mr. Bob Konschuh. Miss Jean Krebs played the wedding music and during the signing of the register Miss Joyce Morasch sang "At Dawning." Miss Krebs wore a floor-length gown of pink and Miss Morasch wore a blue gown.

Immediately following the ceremony a reception was held at Gene's Dine and Dance. The parents of the bridal couple received the eighty guests. The bride's mother wore a navy and white flowered silk dress with navy accessories and a corsage of red roses. The groom's mother wore a black dress with matching accessories and a corsage of pink roses.

The bride's table was centered with a three-tiered wedding cake. Rev. Untershitiz proposed the toast to the bride, to which the groom responded. A dance was held following the reception with music supplied by the Krebs' brothers, cousins of the bride, and Mr. John Morasch of Calgary.

The happy couple have now taken up residence in Calgary.

## WESTERDALE NEWS

(Last Week)

Eleven members attended the November meeting of the Willing Workers held at the home of Mrs. E. Jackson last Wednesday afternoon. Roll call was answered with "a joke." Final plans were completed for the evening sale and Bingo to be held on November 23.

It was again decided to exchange gifts at the December meeting. It was reported that a pair of shoes and a dress had to be purchased to send to the society's mascot, Doreen Massen, Yorkshire, England.

The annual election of officers will be held at the December 6th meeting at the home of Mrs. F.J. Jackson.

Mrs. Ben Kershaw received word of the passing of her mother, Mrs. Brian of Chatham, Ontario, last Wednesday. We extend to Mrs. Kershaw our deepest sympathy.

Mr. and Mrs. John Graham and daughter of Coaldale visited from Thursday evening to Sunday morning at the home of Mr. and Mrs. H. Jackson. Mr. Jim McLennan also of Coaldale motored to the H. Jackson home on Friday, from where Mr. McLennan and Mr. Graham drove west of Sundre for a short hunt.

Mr. and Mrs. H. Jackson and son Roger returned to Coaldale with Mr. and Mrs. Graham for a few days visit.

Barbara Jackson is spending a few days with her aunt and uncle, Mr. and Mrs. F.J. Jackson, while her parents are away.

## FULL PACK FOR SANTA THIS YEAR

Santa Claus and the business of Christmas are giving promise to bigger business in Canada this year than ever before, the Financial Post finds. Toy prices will be about the same as last Christmas, may go up about 10 per cent towards spring, though. Retailers say new credit regulations will have little if any effect on the nations Yuletide gift-strings. Some toys featured this season: an atomic energy laboratory set, with portable geiger counter; electric trains with magnetic traction to increase pulling power; speed; more lifelike dolls, including ones with nylon hair that will take home permanents.

## Government Business Is Your Business

WITHOUT *Health* THERE IS NO REAL *Happiness!*

To help maintain the health of its people is a government responsibility; to increase personal happiness through good health is the responsibility of the individual. The Department of Health, through its district nurses, district health units, clinics, and other services, functions solely for the purpose of safeguarding health and improving health standards.

You are asked to familiarize yourself with provincial health services and recommended health rules and practices so that you are capably informed when disease or illness threatens. When in doubt, consult your doctor, or if no medical service is available consult your district nurse. Your Department of Health offers diagnostic, instructional, clinic or hospitalization service as follows:

**ARTHRITIS:** Free investigations and diagnosis, and treatment where indicated and ordered by the Director of Arthritis clinics, to all under 21 years of age suffering from rheumatoid arthritis. Clinics at Edmonton

**CANCER:** Free radium, X-ray, and surgical treatment plus free hospitalization when necessary for diagnosis where ordered by the Cancer clinic in Calgary or Edmonton.

**MATERNITY HOSPITALIZATION:** Free public ward hospital care for all maternity cases.

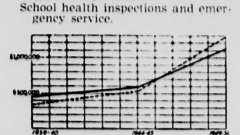

**POLIOMYELITIS:** Free medical, surgical and hospital treatment for all suffering from paralysis due to poliomyelitis. Special academic instruction for children and vocational training for adults.

**TUBERCULOSIS:** Free treatment for all cases of tuberculosis and free diagnostic service through clinics and mobile X-ray units. Sanatorium beds maintained at Calgary and Edmonton with 300 additional beds to become available in the new Aberhart Memorial Sanatorium.

**MENTAL HYGIENE:** Mental patients are benefitting by the advanced methods used in provincial hospitals and training in school. Provincial Guidance Clinics are held regularly for cities, towns and rural

areas giving preventive service to promote good mental health.

**NURSING SERVICES:** District nurses in remote rural areas provide the following services free: Pre-natal, natal and post-natal care. Free immunization services. Regular baby clinics. School health inspections and emergency service.

**LARGEST DOME NEARS COMPLETION IN LONDON**

In London, England, crews of workmen are busily completing work on the largest dome ever to be constructed anywhere in the world. A gigantic structure, 365 feet in diameter, and covering an area of 104,000 square feet, it has been named the "Dome of Discovery" and will be the feature of the Festival of Britain to be held next year. It is over one fifth of a mile in circumference and rises 90 feet above ground level at its center.

The gleaming structure, which can be viewed from miles about, will be constructed entirely of strong light weight aluminum. Al-

together, some 464,000 pounds of the metal will be required to complete the dome.

The interesting method of construction consists of twelve main arch ribs which are arranged in criss-cross fashion to form a triangulated structure. Aluminum sheet is then secured over this framework.

Each of these ribs was built up of eight sections of various lengths for on-site assembly. The rib girders are of triangular latticed design and are curved to a radius of 365 feet. They are built up of seven extruded aluminum sections.

The girders were assembled with cold driven  $\frac{3}{8}$ " aluminum rivets. The underside of the dome is en-

**MORE MONEY FOR COLONIAL DEVELOPMENT**

An important Bill to provide more money for colonial development and welfare was given first reading in the U.K. Parliament recently. It proposes to increase by \$60 million the amount which can be spent during the next six years. This will bring the total up to almost \$410,000,000.

closed by an apron in the form of a huge inverted truncated cone which forms a sloping canopy around the building. — The Alcan Ingot.

**OIL BOOM**

Western Canada's oil industry is expanding so rapidly this year writes Gordon Grant from Calgary that two dollars is expected to be spent on exploration, well drilling, etc., for every dollar "brought to the surface" in the form of oil.

And this huge rate of capital expenditure, estimated at \$150 millions per annum, is entirely exclusive of other great related expenditures: \$30 millions for pipeline facilities; \$30 millions for additional bituminous refining capacity; \$8 millions for new tankers.

**U.S.-CANADA CO-OPERATE IN DEFENCE PRIORITIES**

Canada and the United States have reached an agreement under which each country extends to the other equal priority assistance to that accorded its own defence contracts in order to ensure the supply of essential materials and components for their military production programs.

This agreement does not provide for the institution of a formal priorities system in Canada. As recognized in "Joint Statement of Principles for Economic Co-operation", recently signed in Washington, it is neither likely nor considered desirable that there should be parallel controls in industry in the two countries, in view of the differences in existing conditions. The voluntary arrangements in Canada to ensure priority production for Canadian defence orders will now be made available to United States defence orders placed with Canadian suppliers. In the United States, Canadian orders will have the benefit of the formal United States system of priority ratings extended by the National Production Authority.

This "lake" is the artificially created storage reservoir of Calgary Power's new Spray project. The earth-fill dam, centre foreground, is 190 feet high from bedrock. It is situated in the canyon-like entrance

to the Spray Valley, and is the key to the water-storage system developed for this latest type hydro project. Over 1,100,000 cubic yards of material were placed here within a matter of weeks.

The dug channel above the dam will carry off excess water during the runoff periods of late spring and summer, never permitting water levels to rise above the full supply level at elevation 5,380 feet.

### MOUNTAIN VIEW

Folks, keep in mind the Cancer films to be shown Friday night, November 24, at 8 p.m. at Mountain View Hall. There will be a film for the children also. The nurse from the Health Unit will give an address after the films. Ladies, please bring lunch, and come and visit your neighbors.

Mr. George Morasch spent the weekend in Calgary and visited relatives.

Mr. and Mrs. Alfred Morasch visited Sunday with Mr. and Mrs. Adam Morasch.

Mr. and Mrs. Peter Schumaker and girls visited Sunday afternoon with Mr. and Mrs. Worrall.

Mr. and Mrs. Grenville McCaig and family were dinner guests on Sunday with Mr. and Mrs. Reg Hamper and family.

Mr. and Mrs. Bill Coates of Olds were dinner guests Sunday with Mr. and Mrs. Wm. Shultz and family.

Mr. and Mrs. Otto Bittner spent Sunday evening with Mr. and Mrs. James McCulloch.

### M.V.B.C. NEWS

The night school held its first classes on Monday evening, Nov. 20. We are unable to report the full enrollment this week. If you did not register on the opening day, but wish to attend, you may still do so this week.

Last Wednesday evening Messrs. G. Lyle Richardson and John F. Wilson, accompanied by Margaret Dyck, Margarita Sawatzky, Neil Neufeld and Myron Tweed, voice students of Mr. Richardson, motored to Calgary where they attended the second of the winter series of artist concerts. Doris Dorce, soprano, and Isaac Joblin, tenor of the Metropolitan Opera Co., were featured in this concert.

Mr. and Mrs. J. T. Hoskins visited Calgary last Thursday on a business trip.

Bill Cox, Myron Tweed and Norman Schaefer had charge of the Sunday morning service at Davenport in the absence of the pastor, the Rev. E. G. Archer.

Miss Gladys Eby supplied the pulpit in the United Missionary Church on Sunday afternoon in the absence of the pastor, Rev. E. G. Archer, who is conducting special evangelistic meetings for the Rev. Donald Taylor at Winfield, B.C.

Messrs. Peter Waldin and G. Lyle Richardson, our Youth For Christ representatives in Europe this past summer, were the guest speakers at the Bergen United Missionary Church on Sunday evening. Mr. Waldin showed colored slides, and Abe Sawatzky operated the projector. Mrs. Grace Sawatzky and the Misses Edith and Marion Sherick and Miss Grethe Anderson were members of the party.

Marvin Walz, Chris Anderson and Charles Matson, in company with the Misses Hazel and Marjorie Eby, visited at Haultail over Sunday. Miss Hazel Eby, missionary on furlough from Mexico, addressed the morning congregation at the U.M.C., of which the Rev. Lloyd Torgeson is pastor.

Miss Gladys Eby spent last Monday at Red Deer visiting her sister, Mrs. Ann Althart, who was ill in the hospital in that city.

Mrs. Lydia Suder was detained in her home for several days last week on account of illness. We are glad that she is able to meet her classes again.

Mr. G. Lyle Richardson and Miss Grethe Anderson were week end guests of Mr. and Mrs. Noah Swain. Last Tuesday evening the World Wide Gospel Messengers were hosts to the students at dinner. The special feature for the occasion was an informal address by Miss Hazel Eby, missionary on furlough from Mexico. Miss Grethe Anderson sang a missionary song in her native Danish language.

Last Friday evening a number of the M.V.B.C. students with some of the local church young people motored to the "Little Red" for a skating party.

By the way, the College skating rink was levelled last week, preparatory to flooding. Skating at home soon?

The folks who eat at the College are delighted at the prospects of having fresh eggs served periodically all during the winter. One of our good local friends is making this treat possible.

A student says, "Was sorry to have run into our caretaker's wife, Mrs. Abe Sawatzky, parked in their stranded car a half block from the school. However, with the school car close by, Abe quickly towed her in."

### WESTERDALE NEWS

A quilting bee was held at the home of Mrs. W. Herbert last Wednesday afternoon when ten ladies completed a wool quilt for the auction sale being held on Friday evening at the Westerdale hall.

Mr. and Mrs. H. Jackson and Roger returned home Saturday from a week's visit with Mr. and Mrs.

### South West Didsbury

Mr. Ernest Fisher, Joyce and Donald were Tuesday dinner guests of Mr. and Mrs. M. Dippel.

Jean Levagood returned home on Wednesday from the hospital.

Mr. and Mrs. H. W. Folkman and Mr. Fred Bets motored to Trochu on Wednesday.

Mr. and Mrs. L. Miller were Wednesday dinner guests and overnight guests of Mr. and Mrs. Ed Clayton, leaving Thursday for Calgary to wait till their farm west of Okotoks is vacated.

Mrs. J. J. Obrein and girls of Edmonton spent several days with her mother, Mrs. Geo. Meyer, and her brothers and sister in the district. Mr. Obrein joined her Friday, and they returned to Edmonton on Sunday.

Mr. and Mrs. J. L. Tuggle and Mr. and they returned to Edmonton on Calgary visitors Thursday.

Mrs. Geo. Meyer and George, Mr. and Mrs. J. J. Obrein and family, and Mr. and Mrs. E. A. Bartz were Saturday dinner guests of Mr. and Mrs. Carl Meyer.

Mr. and Mrs. Sherick and Mr. J. R. Cunningham left Thursday on a hunting trip in the foothills.

Mr. and Mrs. Carl Meyer were Calgary visitors Wednesday, while in the city visited with Mr. and Mrs. Howard Johnson.

Mr. and Mrs. E. A. Bartz entertained at a family dinner on Sunday. Mrs. Geo. Meyer and George, Mr. and Mrs. J. J. Obrein and family, and Mr. and Mrs. Carl Meyer and family.

Bruce Edwards and Taye Fox have been ill with the flu.

Little Norma Befus is a patient in the hospital.

Rev. and Mrs. Fox and family, and Mr. and Mrs. Bill Bromer and daughter were Sunday dinner guests of Mr. and Mrs. H. W. Folkman.

Mr. and Mrs. Jake Miller and family were Sunday dinner guests of Mr. and Mrs. L. Hunsperger.

### WESTCOTT NOTES

Mr. and Mrs. Albert Korschuh have recently installed the telephone in their home, thus adding another subscriber to line No. 9.

The pupils and teacher at Westcott school held a whist party at the school last Wednesday evening for the purpose of raising funds for the kiddies' Christmas treat. There were six tables played and Mr. Henry Wisluisen had the high score of the gentlemen, while Mr. Ted Bogner, who played as a lady, also had high score. Consolation prizes were won by Miss Gladys McDonald and Mr. Otto Folkman.

Word was received that Mr. Donald Folkman has accepted a position as teacher near Dominion City, Manitoba. He reports that he has 40 pupils and all grades. We wish him the best of luck.

Congratulations to Mrs. Clarence Reinhardt who won the second prize of the cedar chest in the second draw in Didsbury's shopping carnival.

Mrs. Inez Banting and brother Wesley Papke were visitors at the home of their sister, Mrs. Herbert Goetjen, on Monday last.

Mr. and Mrs. Herbert Goetjen were among those who attended the Wearer Aluminum dinner and demonstration on Sunday night last at the home of Mr. Chas. Brown.

The annual meeting of the Westcott Community Club was held on Monday evening last at the Westcott school. The minutes of the last general meeting and the financial report were read by the secretary, Mrs. H. Goetjen. The report showed the club in good standing financially to begin this year's activities.

The officers elected to serve on the executive are: president, Mr. Chas. Topping; vice-president, Mr. Bill Weidner; secretary-treasurer, Mrs. Herbert Goetjen; and the other members elected to serve on this executive are Mr. Allen Korschuh, Mr. Alfred Baudisiel, Mr. Ken Folkman and Mr. Roy Luft. A lengthy discussion on the business connected with the rink then followed. Mr. Ted Beddow's tender for the caretaker was accepted, along with the concession.

The John Bogner family have moved to Calgary with the exception of the two boys who will look after the farm. Our sincere good wishes accompany them in their new home.

Miss Deloye Goetjen of Calgary accompanied her friends, the Ed Buhrs of Didsbury, home for the weekend. Both Deloye and Joyce were saddened on Sunday morning to hear that their classmate, Miss Lucille McKellar of Munson, was critically injured Saturday evening when being struck down by a truck in Calgary.

John Graham at Coaldale, Mr. and Mrs. G. Nelson of Olds visited on Sunday at the home of Mr. and Mrs. S. Jackson.

Mr. and Mrs. Howard Bross and Lola visited on Sunday last at the J. Bolton home.

Don't forget the bingo and auction sale at the Westerdale hall this Friday evening.
